

AGAPPE
YOUR BEST PARTNER IN DIAGNOSTICS

MISPA-*i*3

Automated Cartridge Based Specific Protein Analyser

YOUR BEST PARTNER IN DIAGNOSTICS

MISPA-i3

Automated Cartridge Based Specific Protein Analyser

Product Description

Mispa-i3 is an automated Cartridge based specific protein analyser that offers the benefits of fully Auto analyser, such as high precision and quick results, for all protein assays.

Clinical Profile Management

1. Diabetes.
2. Cardiovascular Risk.
3. Acute Renal Dysfunction.
4. Inflammation, Allergy & many more.

Increased workflow efficiency

1. Dual Channel System: Nephelometry and Turbidimetry.
2. Prefilled and sealed cartridges with convenient pack size.
3. Enhanced reagent stability – Up to 9 months.
4. Barcode identification for test specific cartridges, sample and patient identification.
5. Smart card calibration for reagent & cost saving.
6. Auto-mixing, Incubation and measurements for fast results with less operator intervention.

Confidence in results

1. Proven nephelometric technology with increased sensitivity.
2. 3 level QC function is available for each parameter.
3. Optimal alignment of reagents and system
4. Prozone detection system to check false negative results.

Simple 3 Step Assay Procedure

MISPA-*i*₃

Automated Cartridge Based Specific Protein Analyser

1

Add sample in reagent cartridges

2

Load the cartridge in the analyser

3

After 5-8 minutes, result is printed

Efficient operation: Easy to use

The key to analyser's efficiency is easy to operate.

Mastering the Mispa-i₃ requires no special knowledge, which means it can be put to use almost immediately.

Single Cartridge system with multi point smart card calibration removes the hectic manual calibration process and ensure error free testing for all the specific protein assays.

Comprehensive solutions

Broad menu available from one source: *Over 25 assay protocols available for determination in various body fluids.*

Consolidation of special and routine parameters to support disease state management.

Innovative assays:

1. NGSP certified HbA1c reagent.
2. hsCRP – A trendsetting assay acknowledged as independent marker of cardiovascular risk.
3. Cystatin C – Early marker for the glomerular filtration rate.
4. D-dimer- Early marker for deep vein thrombosis and pulmonary embolism.

INNOVATION AT ITS FINEST

MISPA-i3

Automated Cartridge Based Specific Protein Analyser

Inject Aspiration system (IAS): Aspirate desired volume of sample and test reagent to provide precise and accurate result. This will reduce manual pipetting errors.

Benefit: Auto - Dilution | Auto - Washing | Mixing of the solution.

Smart Data Management System

1. Delivers a comprehensive overview of results for each patient with demographic details.
2. Integrates test results from multiple parameter for one patient ID.
3. Simplifies data management and data transfer using RS232 port.

Evaluation Report (NGSP)

40 samples are analyzed by Agappe Diagnostics Ltd. and compared by European reference laboratory, ESRL#10 has got excellent correlation of 0.996 with all data in the acceptable limit and $\leq 3\%$ CV.

Product Code	Product Name	Pack	Unit	Measr. Range	Reff. Range	Expiry
52014004	ASO	30 T	IU/mL	50 - 1000	0 - 200	9 months

GLOBAL REVOLUTION AT ITS BEST

*Deficiency: <20 | Insufficiency : 20 - 30 | Sufficiency : 30 - 100 | Hyper Vitaminosis : >100

**Normal: <0.3 | Suspected Mild Infection: 0.3 - 0.5 | Systemic Infection : 0.5 - <2 | Severe Sepsis : 2 - 10 | Septic Shock : >10

Technical Specifications

Test Method	Nephelometry & Turbidimetry
Display	7" Colour TFT Display
Light Source	Laser LED 650 nm
Weight	7.5 Kg Without Battery
Laser Power	5 mw
Temperature Control	Dry Heating
Temperature	Controlled 37° C ± 0.2° C
Photo Detector	Silicon Diode
Calibration	Smart Card Calibration
User Interface	Touch Screen Display
Printer	Inbuilt Thermal Graphic Printer
Barcode Reader	Hand Held Reader (optional)
PC Interface	RS 232 Port(Data Transmission, External Barcode)
Power Supply	85-265 VAC 50/60Hz
Power Consumption	100 W
Result Storage	1000 Result
Minimum Sample Volume	80 µl
Reagent	CE Certified IVD Reagent Cartridges
Dimensions (L x W x H)	380 x 353 x 352 mm

Accessories : Instrument

Mispa-i3 Instrument	1 No.
Pipette	1 No.
Bottle Stand	1 No.
Waste and water bottle	2 Nos.
Printer Roll	2 No.
User Manual	1 No.
